This rowhouse of carved brownstone is the first of a unit of five extending from a shared alley to the corner. It is identical with #1211 at the opposite end of the block, with the following exceptions:

The glass in the one-section lights above the first floor windows is of stained glass.

The entrance, originally built to conform with the rest of the unit, has been modernized, the original doorway blocked off with iron grillwork, and modern basement and side entrances substituted.
